### VISION FOR THE FUTURE

#### OUR SERVICES OF ASSISTANCE

**We hope that you  
will use our facility  
and services to

ministry.**

## Our ministry is divided into five divisions of assistance programs:

### SKILLED TEAMS

Go to [www.missionsalive.org](http://www.missionsalive.org) and fill in your information, skills and talents you are willing to use for the Lord when the need arises on a mission field. Your information is protected from view. Only your skills and talents are listed. You will be notified when requests come concerning your skills, and if you are willing at that time to assist, we will notify the one requesting.

Someone from [Missions Alive](http://www.missionsalive.org) will assist you in your preparation and accompany you in the project if needed.

### VISIBILITY

To assist the missionary, [Missions Alive](http://www.missionsalive.org) offers training on fund raising, and guidance on development of promotional approaches and personal needs as requested.

We guide the missionary in a promotional videos by; assisting in script development, selection of photos and video footage, choosing what to say and what not to say, and creating a quality video for usage within the churches for fund raising. We will also shoot video on location.

The final production is finished in the studio of [Missions Alive](http://www.missionsalive.org). You only pay for the actual studio time.

We advise utilizing the web services for additional exposure.

Soon [www.missionsalive.org](http://www.missionsalive.org) will have more information concerning this.

### SPECIAL PROJECTS

Go to [www.missionsalive.org](http://www.missionsalive.org) and list your mission's needs for a project you need help completing. List the personnel needed, the supplies needed, and the costs anticipated. Also include the time you anticipate starting this project and when you need it completed. This gives you additional exposure and allows others to participate. [Missions Alive](http://www.missionsalive.org) gives no guarantee but additional exposure always helps. In selected projects [Missions Alive](http://www.missionsalive.org) may also participate.

### RESOURCES

[Missions Alive](http://www.missionsalive.org) gathers information of resources, hard to get items, and places items can be purchased at a reasonable or discounted price for mission or church work.

Soon, on [www.missionsalive.org](http://www.missionsalive.org), an additional page will be added to list your one-time single-item need such as: a PA system, vehicle, etc. Also, an additional page will be added for items available at [Missions Alive](http://www.missionsalive.org) and elsewhere.

[Missions Alive](http://www.missionsalive.org) is asking people to donate valued items, as a tax-write off, that can be reused by missions; such as vehicles, electronics, furniture, teaching materials, etc.

### HUNGER ASSISTANCE

[Missions Alive](http://www.missionsalive.org), along with many others, are seeking answers to hunger and jobs for preachers worldwide. We are at this time learning ways used by others and finding ways to share that information to other areas.

We do not have the answers, but by using video we can share research center findings with others who cannot get that information.

We will utilize organizations already developed to fight hunger and provide jobs.

### THE NET-WORKING HUB

Our staff is available worldwide for training, conferences, speaking, and encouragement. We are ready to serve your needs.
